4. To discuss Big Data Analytics Lab experiments.

5. Any other matter related to the subject.

Orientation Program Conducted By: Dr. Amiya K. Tripathy (DBIT) and Prof. Sana Shaikh (DBIT)

Subject Experts / Invitees:

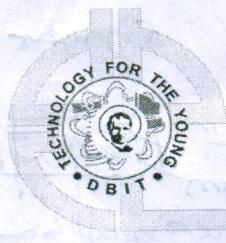

1. Dr. Amiya K. Tripathy (DBIT)
2. Prof. Sana Shaikh (DBIT)
3. Priya Kaul (DBIT)
4. Sujata Khedkar (VESIT)
5. Dr. Anjali Y. (VESIT)
6. Dr. Arti Deshpande (TSEC)
7. Prof. Tushar Ghorpade (RAIT)

Minutes of the Meeting :

1. Dr. Amiya Tripathy and Prof. Sana Shaikh welcomed speakers the participants for interaction towards subject and course structure.
2. Dr. Amiya Tripathy began with the introduction of the subject. He has also discussed the Course objectives and Outcomes as specified in the syllabus. The implementation strategies in terms of case studies and Lab experiments have been discussed.
3. Dr. Amiya Tripathy and Prof. Sana Shaikh then discussed in detail, module wise marks weightage for the subject.
4. The subject experts mutually conversed making ready reference sheet mapping every subtopic with appropriate references.
5. Additional reference material like case study for Big Data Analytics techniques using Hadoop, Map Reduce, SQOOP, FLUME, MongoDB, Hbase, Cassandra, R, PIG, HIVE tools were discussed and will be shared among the attendees.
6. The university tentative question paper pattern was discussed.
7. There were 41 attendees from different colleges to attend the Orientation program.
8. While discussing the topic module-wise, we have agreed on the following points for the student's benefits:
 - a. Module 6 – Topic: Page rank using map reduce (number of iteration 'K' max value should be limited to 3)
 - b. Module 6 – Topic: Direct Discovery of Communities in a social graph (using Clique method only)
 - c. Module 2 – Topic: Matrix-Vector Multiplication by MapReduce (not require to cover matrix-matrix multiplication by MapReduce)
